Construction Project Management Kumar Neeraj Jha 2011 Construction Project Management deals with different facets of construction management emphasizing the basic concepts that any engineering student is supposed to know. The major principles of project management have been derived through real life case studies from the field. Simplified examples have been used to facilitate better understanding of the concepts before going into the large and complex problems. The book features computer applications (Primavera and MS Project) used to explain planning, scheduling, resource leveling, monitoring and reporting; it is highly illustrated with line dia.

The **NEC4 Engineering and Construction Contract** Brian Eggleston 2019-03-01 The authoritative guide to the NEC4 Engineering and Construction Contract The New Engineering Contract (NEC) is one of the leading standard forms of contract for major construction and infrastructure projects. The latest edition of the contract (NEC4) is now a suite of contracts widely used in the UK, Australia, Hong Kong, South Africa, Ireland, and New Zealand. This timely and important book provides a detailed commentary on the latest edition of the main NEC4 Engineering and Construction Contract (NEC4 ECC) form. It explains how the contract is intended to operate and examines each clause to consider its application and legal interpretation. It also draws upon the author's highly successful third edition of the book covering the previous contract. It identifies and comments on the changes between the current and previous version of the form. After a brief introduction to the new edition of the form, The NEC4 Engineering and Construction Contract offers in-depth chapters covering everything from main options and secondary option clauses to risk assurances and NEC 4 family contracts. In between, readers will learn about general core clauses, the obligations and responsibilities of the contractor, testing and defects, payments, compensation events, and much more. Covers the latest version of the NEC Engineering and Construction Contract, the leading standard form contract for major construction projects Examines the new contract clause by clause and compares it with the previous edition

Previous editions were widely acknowledged as detailed and fair analyses of the NEC contracts Written by a highly regarded contracts commentator, experienced arbitrator, and adjudicator The NEC4 Engineering and Construction Contract: A Commentary is an excellent book for construction industry professionals working for clients, employers, main contractors, project managers, subcontractors, and specialist contractors.
